LONG BEACH CITY COUNCIL

June 2, 2014

Mr. Richard Murphy, CEO
South Nassau Communities Hospital
One Healthy Way
Oceanside, New York 11572

Dear Mr. Murphy:

Please be advised that the City Council, along with the City Manager, is hereby requesting a meeting with you and the Board of Directors of South Nassau Communities Hospital to discuss the next chapter in the re-opening of the Long Beach Medical Center.

The summer season is upon us, bringing tens of thousands of visitors to our community. The need and desire for a functioning hospital with a 24 hour 911 Receiving Emergency Department in the City of Long Beach is critical. Therefore, we are anxious to meet and to hear what plans and progress has been made since your acquisition of the facility.

Further, we believe that it is imperative that all of the 138 million dollars provided through FEMA goes directly into the rehabilitation of the future facility.

Please contact the Office of the City Manager as soon as possible in order to schedule a meeting. We look forward to working with you in order to provide for the public safety, health and welfare of the people of our community and the entire barrier island.

Very Truly Yours,
City of Long Beach City Council
